Hi Connor;

I'm returning the Blades GW data package, if possible can we meet tomorrow to discuss.

Thanks  
Anita

Anita and Yazmine,

Good afternoon. I have completed that forms and PA RSAD for the creation of the new site in SEMS. At this moment I think the name will be Blades Groundwater. I am putting the final touches on a brief desktop PA that I have been working on as well with some of the new residential and public well data. Thank you.
